ABOUT IIFT

Indian Institute of Foreign Trade (IIFT) was set up in 1963 by the Government of India as an autonomous organization under Ministry of Commerce & Industry to help professionalize the country's foreign trade management and increase exports by developing human resources; generating, analyzing and disseminating data; and conducting research. The Institute visualizes its role as:

- A catalyst for new ideas, concepts and skills for the internationalization of the Indian economy.
- The primary provider of training and research-based consultancy in the areas of international business, for the corporate sector, Government and the student community and at large.
- An institution with proven capability to continuously upgrade its knowledge base with a view to meet the requirements of the Government, trade and industry through both sponsored and non-sponsored research and consultancy assignments.
