2. As mentioned in the Tender Document Ultrasonic Pulse Velocity (UPV) test shall be conducted by TPIA. Is the equipment for UPV /NDT Test available at the field laboratory or does TPIA has to arrange it?	Para 4 (c) clearly states that all measuring instruments, tools & tackles and digital cameras etc. required for inspection are to be arranged by the TPIA at their own cost. Further Clause 2, Section 4 (Terms & Conditions) states that” Except as otherwise expressly provided in this Contract, TPI Agency shall be responsible for providing the facilities, personnel, equipment, software and other items and resources as may be necessary to complete the Services. The TPI Agency shall not be entitled to claim any cost of what so ever nature due to such express and implied amendment of the Scope of Services of the TPIA Agency” .Therefore equipment of UPV Test has to be arranged by third party quality assurance vendor.
