

Indian Institute of Foreign Trade

Ref No.: EOI/ Proctoring/ 2021

Date: 15/06/21

"Eol for Providing Proctored Based Online Entrance Examination"

Bidding document for hiring agency for AI (Artificial Intelligence) Proctored Online Entrance Examination

The Indian Institute of Foreign Trade (IIFT), Deemed to be University under the administrative control of Ministry of Commerce & Industry, is a premier B-School in area of International Business. IIFT has been awarded a score of 3.53 by NAAC. It has also been graded as Category –I by UGC.

The Institute invites Expression of Interest (Eol) from the reputed firms for providing proctoring based online entrance examination for MA (Economics-Specialisation in Trade & Finance), Ph. D (Management) and Ph.D (Economics) Programmes for Delhi and Kolkata campuses of the Institute.

Preliminary Instructions

- i) The bid document is free of cost and can be downloaded from IIFT's website www.iift.edu.
- ii) The bid must also include details of the firm, the experience, manpower profile, the schedule of lectures to be given, a summary of the contents, hands-on experiments if any, and any other technical details that may deem relevant to the proposal for the information of the Institute.
- iii) Seal and signature of the authorized official of firms must appear on all the papers and envelopes submitted.
- iv) Corrigendum/ Addendum in regard to terms and condition, if any, will be intimated over website.

Kindly read Instruction, Eligibility Criteria and Terms & Conditions properly and see that instructions and terms are fully understood and complied. No correspondence shall be entertained in case the proposal is rejected on the ground of firm's not complying with instructions, terms & conditions.

1. INSTRUCTION TO BIDDERS

A) Important date, time and place

- (a) **Last date & time of submission: 24th June, 2021 at 11.00 am**
- (b) **Date & time of opening of proposal: 24th June 2021 at 12.00 noon**
- (c) **Place of opening proposal: New Delhi, IIFT**
- (d) **Late and delayed proposal:** Late and delayed proposal will not be accepted.
- (e) **Unscheduled Holiday:** In case any unscheduled holiday occurs on the prescribed closing / opening date, the Next working day shall be the prescribed date of closing/opening.

B) Technical & Financial Bids:

- i) The prescribed bid document consisting of (i) Technical Bid and (ii) Financial Bid, **sealed separately in two different envelopes**, super scribing “Technical Bid” and “Financial Bid”, as the case may be, and placed **in a duly sealed big single** envelop superscribing Bids for Online Examination Services” may be dropped in a box kept at the guard room at the main gate of the Institute. The bid may be addressed to Section Officer (General Administration) Room No. **522** in Block-I, of the Indian Institute of Foreign Trade, B-21, Qutab Institutional Area, New Delhi-110016 by due date and time. The bids may be sent through Post also so as to reach at the aforesaid address by prescribed time and date.
- ii) The Technical Bid shall be accompanied by a Demand draft for Rs.10,000/- (Rs.Ten Thousand only) drawn in favour of Indian Institute of Foreign Trade payable at New Delhi towards Earnest Money. Firm(s), who are registered with MSME are exempt from EMD. However, they have to attach applicable certificate in this regard. Bids received without the demand draft, will be summarily rejected and decision of the Institute in this regard shall be final and binding. Bids of unsuccessful bidders shall be returned within one month of order placed with the successful bidder.
- iii) The estimated cost of hiring the agency is Rs 3.00 lakhs (Rupees Three Lakh only)**

2. ELIGIBILITY CRITERIA

01. The consultant/firm must be registered in India as required by law and should have minimum 02years of continuous operation up to the date of publication of this proposal. Documentary evidence to be mandatorily enclosed.
02. **Experience:** - Experience of having successfully provided / currently providing, at least one (01) Service of similar nature to IIMs / IITs during the last one year. A certificate, duly signed and stamped as to be enclosed issued by authorized official of such Academic Institutions.
03. The Institute, at its sole discretion, may call for the virtual presentation of the firms, if required. During the presentation, all shortlisted firm(s) have to show the demo of AI proctored based online exam (MCQs, short types of question and descriptive questions) on OS Window, Android, MAC, Linux and Ubuntu. The firms not found to be proficient enough in the presentation shall be summarily disqualified and their financial bid will not be opened. The Institute will not consider any request/claim from the rejected bidder/bidders in this regard.
04. Financial bids shall be opened only of the firms found to be qualifying in the parameters laid down. The decision of the Institute in this regard shall be final and binding on bidders.

03. SCOPE OF SERVICE

The Scope of service for Engagement of AI based Proctoring Agency is divided into the following five broad categories:

- General
- Mandatory Requirements
- Implementation
- Examination portal
- Pre- Examination, during and post examination

A General:

Type of Examination	MA (Economics), Ph.D (Management) and Ph.D(Economics) Entrance Examinations
Approximate number of candidates to be Examined	(1000 Approx.) in all
Time frame exams are planned in	Written test: 1 st August, 2021 tentatively
System	Desktop /Laptop
Technical Support	Required

The proctoring agency shall be given question papers 4 days prior to the day of exam. In the first 2 days, the agency shall draft the question paper into their adopted format. Thereafter, in the next 2 days, the Admission Committee shall verify whether question paper has been drafted properly by the Proctoring Agency. In case of any mismatch, the Admission Committee shall ask the proctoring agency to rectify it.

- 1) The agency identified for proctoring shall depute 2 responsible persons i.e.a dedicated Program Manager and Escalation who will interface and provide support right from the start of the project until all the exams are completed and results handed over. Such persons must be available round the clock on the day of examination to resolve any query/glitches/complaint in the minimum time span. Further, the agency shall provide the contact details of these persons who would be available on all days.

- i) The agency must be able to resolve login issues arising during the test. For e.g if a candidate minimises his browser to gain access to some other site to take undue advantage, the proctoring agency should be able to capture and report it as a use of unfair mean by the candidate.
- ii) The agency should be able to categorize the incidents of violations by candidates during the test. Since it is a test where a candidate might be required to turn his head left and right or up and down to do some numeric calculations, it would not be deemed as a violation.
- iii) It would be a 90/120 minutes MCQ based entrance examination. Candidates will be allowed a maximum of 3 login chances after they login for test at scheduled time to accommodate any network or technical failures during the examination. However, they will not be given any additional time to make up for the time lost in such failures. The exam shall start at its appointed time and shall end after 90/120 minutes. No candidate shall be allowed to write his examination after the scheduled closure of time.
- iv) In addition to the 90/120 minutes of time scheduled for examination, the candidates shall be given additional 20 minutes before the commencement of examination to go through the instructions and accept the terms and conditions laid down. However, access to the question paper shall be given only at the scheduled time
- v) The agency shall be required to conduct a couple of mock tests before the conduct of examination to let candidates acclimatize themselves for the actual test.
- vi) There shall be negative marking for wrong answers indicated by the candidate.

* IIFT reserves the right to change the number of assessments at any point of time.

The successful bidder must provide following for conducting Online Entrance Examination:

- 1) The procedure to be followed for admitting the candidate into the exam, the processes to be followed during the duration of the exam and after the exam is completed, need to be described clearly.
- 2) There should be a tracking system with suitable mechanisms for raising tickets and closure of outstanding issues along with the escalation matrix provided.

- 3) The bidder will ensure that there is no loss of response related data for any candidate or any other data related to the examination either from the client systems or the servers.
- 4) The vendor will ensure event based log (audit trail) for every candidate will be generated and saved on the servers.
- 5) Post-handover of the project, the bidder will not retain any data.
- 6) Responsiveness of the system - Response time of the server and software should be quick to enable candidate to take the exam without any technical glitches.
- 7) The bidder will ensure the secrecy of the examination material.
- 8) After conduction of examination agency, the bidder will evaluate the answers and require to make the list of qualified candidates category wise.

B Mandatory requirements for the Proctoring solution are:

- i) Provide combination of Human based remote-manual and AI based auto-proctoring scenarios. The proctoring solution provided by the successful bidder should have capability of conducting live proctoring in a real time basis without compromising the credibility of the examinations as mentioned below:
- ii) Establish candidate identify/authentication. Check the candidate's computer hardware, web camera, microphone, surroundings, network, bandwidth, etc., to see if they meet the requirement of the remote proctored examination.
- iii) System should have auto email feature to intimate the candidates about the schedule of the examination, provide the examination link and feature to send reminders.
- iv) During the examination only the proctoring application and those specifically allowed application, software should be accessible to the candidate.
- v) The remote proctoring facility should allow for human proctoring of each candidate through live feed of the examination.
- vi) Capture and report the instances of cheating during the examinations, Including the following:
 - a) Trespasser identification;
 - b) Additional device detection;
 - c) Examinee-movements and biological breaks;
 - d) Facial distractions;
 - e) Screen-share, device share or such other e-copying;
 - f) Impersonation;
 - g) Browsing away from test window (unless required for the test);
 - h) Late entry/ early leaving the examination.

- vii) Proctors should be able to (if deemed necessary) stop or pause the examination for a particular candidate and the log details to be available to IIFT.
- viii) When pausing the examination, the proctor should be able to take 360 degree and mirror view of the environment using his laptop/desktop and should be able to capture video, sound and chat with the candidate (to be recorded).
- ix) Proctor should be able to search for any candidate assigned to them during examination. IIFT administrators should be able to search for any candidate while the examination is going on and to see the live feed.
- x) All the events (candidate's activity and their screen) should be recorded to the cloud with appropriate rights given to IIFT so that authorized personnel to access the video as and when it is required.
- xi) Retention/archive of all recordings, events, logs to be made available for a period of 4 months from the date of examination on the platform and accessible to IIFT personnel as and when required. **(A softcopy of all items mentioned needs to be submitted by the agency to IIFT)**
- xii) The application must be compatible with Windows, Mac, Linux, Ubuntu operating system to run smoothly across platforms for candidates.
- xiii) Should have a feature for communication/chat between proctor and candidates taking the examination. **(All chat communication to be captured and submitted to IIFT)**
- (xiv) Provide proctor in the ratio 1:30.

C)Implementation

- 1) The agency should design a high-performance system and conduct exam to verify successful achievement of high concurrency, quick response time, and long-stress duration required of the system used to conduct the examination. Results of exam should be made available to IIFT as and when required..
- 2) The agency should design a highly secure system and conduct security tests to verify that there are no vulnerabilities that can make the system susceptible to attacks. Comprehensive testing of source code and the infrastructure must be carried out. Results of such security tests should be made available to the client, when requested.
- 3) The agency should be able to support IIFT Remote Proctored Online Examinations on a 24x7 basis with a maximum response time of 2 hours.

D) Examination Portal:

The portal of the successful firm, for an efficient conduct of examination, should have following features:-

- 1) Real-time support during the examination to handle any query, technical issues. The agency should provide a dedicated helpline service to IIFT 30 minutes before the Mock Tests and Entrance Examination. The service shall continue after 30 minutes of the Mock Tests and Entrance Examination coming to an end. There should be at least 15 lines in the helpdesk set up for resolving the candidate's complaints/problems. Help desk to receive complaints/issues and address within a timeframe. Once receive the complaint, give complaint number, address the issues and give feedback. Periodic status report to be shared with IIFT.
- 2) Provide support of different formats of questions like MCQs Option to write the answers on word/excel for the examinations and upload the same.
- 3) Ability to support different formats of questions like, multiple choice (with an option to administer with or without answer key), multiple select question, fill in the blank, short and long answer descriptive question, numeric response, alphanumeric response, true/false, audio, video, text, excel as a response, file upload as response, text as response. Cases, excel files, image files should be available to the candidates through a link in the section.
- 4) Support randomization of questions, and simultaneous versions of question papers. Create and archive extensive retrievable log records including exam progress and sequence of answering, and Audit Logs of each session to be available - IP Address, User Name, Date and Time Stamp for in/out - for a single or multiple session joining.
- 5) Provide evaluation options including auto evaluation of result. Generate examination attendance sheet in Excel, PDF to IIFT during the examination and after the examination. During the examination if necessary to check how many candidates are present and who are present.
- 6) An option of disabling multiple login by a candidates simultaneously using different systems. Tracking of all activity of all users, maintaining a history of the same.

E) Pre, during and post exam related activities

- 1) To create a dedicated secured URL for IIFT.
- 2) Candidate list will be shared by IIFT with the selected agency in excel format.
- 3) The agency will issue the admit card to the candidates at least 7 days before the exam date. Format of the admit card will be shared with IIFT
- 4) Multiple Choice Question paper to be shared by IIFT in excel / word format. IIFT will provide the question paper to the agency 04 **days** before examination.
- 5) The selected agency will also upload the information for the candidates about required infrastructure for online test and documents required for verification of candidates.
- 6) The agency will also inform the candidates about the various process of online test such as upload of image / signatures etc.
- 7) The agency will be required to conduct a mock examination for candidates and to make presentation on operational, features and technical aspect of the proposed solution for conduct of online remote proctored examination including the demonstration of the software modules and technology of the offered software solution. Duration of the test shall be 90/120 minutes. An additional 15 minutes time shall be given to all candidates against possible loss of time due to power failure or any other technical glitch. However, as per GoI guidelines, compensatory time of 20 minutes for each hour will be given to PwD candidates if the duration of the examinations happen to be between hours, the compensatory time shall be apportioned proportionately.
- 8) The agency should have appropriate Internet bandwidth and backup line for their online platform for smooth conduction of the examination.
- 9) Tests will be conducted in one slot . The time of login etc. shall be informed later
- 10) Candidate will be registered for entrance exam a day before the assessment and test will be activated at the time of exam only.
- 11) Candidates will be taking exam from their laptop or desktop.
- 12) Detailed instructions of candidate manuals, proctor and evaluator manuals shall be shared by the agency with IIFT.
- 13) Tests will be remotely proctored assessment where physical proctors will be involved proctoring candidates remotely. Manual approver to approve candidates' images. 30 candidates per approver and proctor required.
- 14) Evaluator mapping is required to be done by the agency after exam is conducted.

- 15) Real time support from shall be provided by the agency for any team, system or any technical issues from candidates and proctors/IIFT Team.
- 16) Results (with marks of all present candidates – category wise) will be shared by the agency with IIFT within two days in excel format and access to the agency's analytics dashboard. After conduction of examination agency will evaluate the answers and require to make the list of qualified candidates category wise.
- 17) Provide minimum 10 login ID for Super Proctor of IIFT.

Terms of Payment

- (1) The payment shall be released by IIFT with in a one month of the agency's providing the service as per the terms of the bidding document and a certificate of services being satisfactory satisfactorily, to be issued by authorized IIFT official.
- (2) In case the selected agency desires to have advance payment, the advance payment shall not be more than 70% of the quoted amount (Including taxes and levies). However, the advance payment released by the Institute shall be secured against the bank guarantee of equivalent amount to be submitted by the selected agency while claiming advance payment.
- (3) The agency shall be required to provide a Bank Guarantee equivalent to 10% of the quoted amount against any deficient service. In case the agency fails to deliver, the Institute will liquidate the Bank Guarantee in its favour. The Institute in such eventuality will hire the services of some other agency at the risk and cost of the selected agency.
- (4) In case the agency fails to provide proctoring services satisfactorily to all candidates, it shall be required to conduct re-test/re-tests again in respect of candidates who fail to complete the test due to reasons ascribed to the agency. No additional cost, whatsoever, shall be released by the Institute.
